## **The Challenge of Forming Conscience for Faithful Citizenship**

U.S. Conference of Catholic Bishops  
# 14 The bishops of the United  
States have issued a statement

on the importance of bringing the values of our faith to the decisions made in our public life. In their statement, Faithful Citizenship, the bishops call for a “different kind of political engagement: one shaped by the moral convictions of well-formed consciences and focused on the dignity of every human being, the pursuit of the common good, and the protection of the weak and the vulnerable.” As you prepare to vote, please consider how the values of your faith can help you make your decision. **A Note from the Pastoral Coordinator**

Today is our annual parish ministry fair. Baptism is the font from which ministry flows. Through baptism we are called to be servants in imitation of Jesus. Ministry involves use of our gifts, the very power of God, the power of the Spirit in service to others. This takes many shapes. The ministries and services presented at the fair are a powerful demonstration of the current parish ministries. Maybe there is a ministry, not represented, that you would like to develop in order to meet the needs of our families or community. Think of ministry as enfleshing the gifts of the Spirit, being the hands of God that touch others in the parish, community, workplace or world. There is enough need to keep all of us busy transforming our society and world into the kingdom of God. Where is God calling you to begin? Joyce Frichtel
